- L. Perry*

YOUR MONEY DOESN'T HAVE TO BE FUNNY

While my career was thriving just as I had planned, the same could not be said for my finances and family at that time.

Precarious finances and the stress of sibling deaths, the birth of my child had all taken their toll on our finances, and it became clear that my husband and I had officially hit a rough patch and I wasn't sure how sure if we would make it through. But God...

- **Make Your Money. Keep Your Money. Grow Your Money.**
In order to build generational wealth, one must adapt the philosophy and implement strategy to make, keep and grow money.
- **Raising a Financial Genius**
Raising a money smart child in the "me" generation is one of the toughest jobs a parent has to do. This should be a non-negotiable for you and your family.
